1 Q. So with respect to this May 22, 2013 meeting, you don't  
2 recall it at all, is that fair?

3 A. I don't remember it at all.

4 Q. All right. You've just read the note from Mr. Hansen,  
5 who's reporting that that was the discussion at the  
6 meeting.

7 Do you recall that a decision had been made by  
8 the City of Flint to run off the Flint River before you  
9 met with LAN in May of 2013?

10 A. Yes.

11 Q. And what do you recall?

12 A. I recall a meeting taking place in the mayor's  
13 conference room.

14 Q. And this is a meeting in which it was decided that you  
15 were going to use the Flint River?

16 A. This was a meeting -- oh, boy -- Genesee County was  
17 involved in it, yes. This was a decision that was  
18 moving forward on, if I remember, if it was the Flint  
19 River or the KWA, probably both, because we knew we were  
20 moving forward with KWA already, and I remember  
21 recommending Warren Green. Ed Kurtz had asked me if  
22 you're going to need an engineering firm and I  
23 recommended Warren Green.

24 Q. Who do you recall being at this meeting? You've already

1           referenced a couple people, but go ahead and list the  
2           people that you recall.

3    A.    Dave Jansen, Dave Jansen for sure because he backed up  
4           my -- he said good choice, and John O'Brien.

5    Q.    Also from the county.

6    A.    Also from the county.

7    Q.    Who else was there from the City of Flint?

8    A.    Daugherty Johnson, I believe.

9    Q.    And your recollection is that the participants at this  
10           meeting were operating with the understanding that the  
11           City was going to use the Flint River during the interim  
12           period?

13   A.    Correct.

14   Q.    And by interim period, do you understand that I'm  
15           talking about the period between the time that Detroit  
16           cut off the water and the time when the KWA water would  
17           be available?

18   A.    Correct.

19   Q.    I'd like to ask you now to turn to Exhibit 39. Exhibit  
20           39 has a Bates number on the front, LAN\_MAG\_00000103 is  
21           the first page.

22                   Do you recognize this scope of services?

23   A.    Yes, it looks familiar.

24   Q.    If I told you that Warren Green indicates that this was
